Mr Haywood Cozart:
Holly Springs N.C.

Dear Cozart:

What in the world has happened to you. You promised me you were going to return right away, when you left. If something has happened to prevent you from coming back right away, I certainly expect you to write and tell me what happened. I don't understand your absence, and silence. You know we were in the midst of a penant drive, and if you did not want to stay with the team you should have given us a chance to get some one in your place.

I shall look to hear from you right away. If you are not planning to return, what about the money you owe me?

Very Truly Yours
